

MEDEK

Medikal Elektronik San. ve Tic. Ltd. Şti

CE

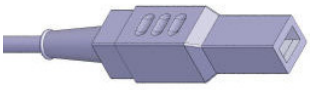

**Her marka koter cihazına
uygun aksesuarlar**

**Compatible cables and handles
for electro-surgery (RF)**

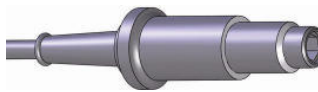

**Uygun fiyat
Yüksek kalite**

Accessories for **ERBE ACC/ICC-** electrosurgical units

	Connector to RF-unit	Art. No. / Description	Connector to electrode/ instrument
bipolar / bipolar		90.286.30 = 3 m 90.286.50 = 5 m Kabel zum Anschluss von bipolaren Instrumenten „Standard“ Cable for the connection of bipolar instruments „standard“	 Standard
		90.287.64 = 3.5 m 90.287.65 = 5 m Kabel zum Anschluss von bipolaren Instrumenten mit AESCULAP-Flachstecker Cable for the connection of bipolar instruments with AESCULAP tab connector	 System AESCULAP
		90.287.05 = 3 m 90.287.06 = 5 m Kabel zum Anschluss von bipolaren STORZ-MIC-Instrumenten (z. B. Tubenkoagulation) Cable for the connection of bipolar STORZ-M.I.S.-instruments (such as tubal ligation)	 System STORZ
		90.287.19 = 3 m 90.287.20 = 5 m Kabel zum Anschluss von bipolaren WOLF-MIC-Instrumenten (z. B. Tubenkoagulation) Cable for the connection of bipolar WOLF-M.I.S.-instruments (such as tubal ligation)	 System WOLF
		90.289.01 = 5 m Kabel zum Anschluss von bipolaren Scheren von Ethicon Cable for the connection of bipolar scissors of Ethicon	 System ETHICON
			

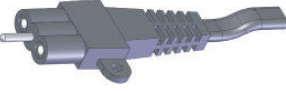

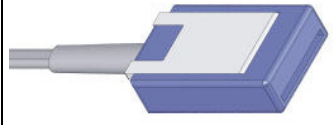

Accessories for **ERBE ACC/ICC-** electrosurgical units

	Anschluss HF-Gerät Connector to RF-unit	Artikelnummer / Beschreibung Art. No. / Description	Anschluss Elektrode/Instrument Connector to electrode/ instrument
<p style="writing-mode: vertical-rl; transform: rotate(180deg);">monopolar / unipolar</p> <div style="text-align: center;">  <p>5 mm I.C.</p> </div>	<div style="text-align: center;">  </div>	<p>90.281.53 = 3 m 90.281.55 = 5 m</p> <p>Cable for the connection of unipolar instruments with 4 mm male connector</p> <p>90.280.37 = 5 m</p> <p>Cable for the connection of instruments with a hexagonal connection, such as for arthro- and laparoscopy</p> <p>90.280.82 = 3.5 m</p> <p>Cable for the connection of OLYMPUS/FUJINON-E.S.U-pencils (instruments for flexible endoscopy)</p> <p>90.280.84 = 3.5 m</p> <p>Cable for the connection of standard handles (instruments for flexible endoscopy)</p> <p>90.288.03 = 3 m 90.288.05 = 5 m</p> <p>Cable for the connection of WOLF/COMEG-resectoscopes</p>	   System OLYMPUS/FUJINON   System WOLF/COMEG

Accessories for **MARTIN, BERCHTOLD, AESCULAP** -electrosurgical units

	Connector to RF-unit	Art. No. / Description	Connector to electrode/ instrument
monopolar / unipolar		90.280.35 = 3 m 90.280.55 = 5 m Cable for the connection of unipolar instruments with 4 mm male connector	
		90.280.57 = 5 m Cable for the connection of instruments with a hexagonal connection, such as for arthro- and laparoscopy	
		90.288.01 = 3.5 m Cable for the connection of standard handles (instruments for flexible endoscopy)	
		90.280.86 = 3.5 m Cable for the connection of OLYMPUS/FUJINON-handles (instruments for flexible endoscopy)	 System OLYMPUS/FUJINON
neutral / neutral	 (for newer devices)	90.287.83 = 3 m 90.287.85 = 5 m Cable for the connection of disposable neutral electrodes	
		90.287.95 = 5 m Cable for the connection of reusable neutral electrodes	
neutral / neutral	 (for devices build before 1990)	90.287.82 = 5 m Cable for the connection of disposable neutral electrodes	
		90.287.92 = 5 m Cable for the connection of reusable neutral electrodes.	

Accessories for electrosurgical units,
VALLEYLAB, ERBE INTERNATIONAL
and various manufacturers of **US-TYPE** electrosurgical units

	Connector to RF-unit	Art. No. / Description	Connector to electrode/ instrument
neutral		90.287.98 = 5 m Cable for the connection of disposable neutral electrodes	
		90.287.97 = 5 m Cable for the connection of reusable neutral electrodes	

**Uygun fiyat
Yüksek kalite**
